Order Form for DVD

“Building Excellence in Healthcare Project Management”

Contact: Jay Ress, Director of Education education@pmihealthcare.org

Format: DVD-R

The DVD features executives from HCA, Vanderbilt University Medical Center, and Saint Thomas Medical Group as they describe in detail how they confront challenges and drive effective project management in their respective organizations. The DVD contains many examples of winning policies, delivered with a heavy dose of realism, and a fresh perspective that is specific to the healthcare industry.

The three sessions of “Building Excellence in Healthcare Project Management” are:

- 1. Planning and Executing for Success**
- 2. Successful Project Sponsorship**
- 3. PM Excellence and Professional Development**

A professional filmmaker captured this panel discussion sponsored by the Nashville Healthcare Council and the Project Management Institute in May 2004. We think that you will find the production quality to be excellent, and the content to be valuable and timely.
